

build your home for
generations to come

the power of working together

Count on us. We'll help you make energy-efficient building decisions today – for a better tomorrow.

MGE's 95-page *New Home Planner* covers everything from how to keep your comfort levels high and your energy costs low to how to build with reduced environmental impact.

For your free copy, call 252-7117 or visit mge.com/brochures today.
