**To see**

- High, low and average energy use or
- High, low and average bill amounts

for an address within [MGE's service area](#), complete the form at left and click Search.

**If your search doesn't find an address**

- Enter the street name without the direction or suffix. For example, for "123 N Main St" the street name is "Main".
- Try entering just the house number and first letter of the street name; make sure you have selected the right city.

**If your search finds more than 5 addresses**

- Try selecting the street direction and/or street suffix; type out the entire street name. If applicable, enter the apt/unit.
