**DETERMINATION OF DEMAND**

1. All monthly demand and energy usage will be measured by meters installed and maintained by the Company. Estimates made by the Company, based on historic records plus known load characteristics, will be used for billing purposes if meter failure occurs.
2. The customer maximum 15-minute demand will be the greatest rate at which electrical energy has been used during any period of 15 consecutive minutes in the current or preceding 11 months.
3. The maximum on-peak 15-minute demand will be the greatest rate at which electrical energy has been used in 15 consecutive minutes during on-peak periods of the billing month.

**PRIMARY DISCOUNT PROVISION**

Available to customers not served by the low-voltage network.

1. For delivery at 2,400 volts or 4,160 volts as available to customers with demands of 200 kW or more.  
\$0.00328 per kW per day of customer maximum 15-minute billed demand plus 0.1¢ per month per kWh.
2. For customers qualifying under No. 1. who provide the transformers and associated equipment necessary for converting the available primary service to the secondary voltage required by the customer.  
\$0.00328 per kW per day of customer maximum 15-minute billed demand.
3. Customers taking service at primary voltage will provide all the necessary delivery, control, and regulating facilities on the load side of the transformers.

**CHARACTER OF SERVICE**

For lighting and power service, 60-cycle, alternating current is provided at the voltage levels specified in the Company's electric service rules and regulations.

**SPECIAL TERMS AND PROVISIONS**

1. This rate schedule, in combination with Rate Schedule Cg-3, will remain in effect for a minimum of one year from the date consumption under either tariff is initiated.
2. Any customer choosing to be served on this rate schedule thereby waives all rights to any billing adjustments arising from a claim that the bill for the customer's service would be cheaper on any alternative rate schedule for any period of time, including any rights under the Wis. Admin. Code § PSC 113.0406(4), Reg. January 2004, No. 577.
3. The meter must be located outside or in a location that is readily accessible by Company personnel during normal working hours.
4. If the customer moves or is forced to move, the customer has the option to retain time-of-use billing at the new premises. If the customer decides to discontinue time-of-use billing, the Company will offer time-of-use billing to the next customer on the waiting list.
5. If the customer, upon expiration of a full year on this rate schedule, decides to discontinue time-of-use billing, the Company will offer time-of-use billing to the next customer on the waiting list.
6. Customers who have their meters turned off and back on within a 12-month period will pay the minimum monthly charges, applicable to the customer, for the months while service was not being used.
