

Budget Payment Plan

Enjoy consistent energy bills all year.

With MGE's Budget Payment Plan, your energy costs will be spread more evenly throughout the year, allowing you to budget for higher use over the winter heating and summer cooling months.

How does MGE determine my monthly payment?

- We estimate your annual energy costs for the upcoming year based on your monthly costs over the previous 12 months.
- We multiply your estimated costs by 10% (to account for expected changes in energy costs) to determine your monthly payment.
- Your monthly amount will stay the same for a minimum of six months. After six months, we will review your usage on a monthly basis.
- If your energy usage has changed, we will provide you with a new budget amount for a six-month time period. If not, you will continue to be billed the same budget amount and your usage will be reviewed monthly until your energy use changes.

Preview your monthly budget amount and sign up in My Account. Visit mge.com/budget to learn more.

Track your energy use

You can see how much energy you're using over time by reviewing your Energy Use Charts and Data in My Account.

- See your energy use and costs for up to five years.
- See a breakdown of charges for each billing period.
