

New Bill Design coming soon!

Madison Gas and Electric (MGE) is upgrading our systems to provide an even better experience for our customers!

As a result of these improvements, you will be receiving an updated bill design and a NEW account number.

Highlights of your new bill

Updated Design – Your bill will continue to include the same information that is most important to you – in an easier-to-read format!

New Account Number – You will receive a NEW 10-digit account number, which will be listed on the top right-hand corner of your new bill.

Streamlined Back of Bill – The information on the back of the bill will be condensed, making it easier to find our contact information and review your payment options.

My Account Bill History – If you are registered for My Account, you will continue to have online access to your bills and payment history from the previous 13 months.
