

Check out your new MGE bill!

Madison Gas and Electric (MGE) has upgraded our systems to provide an even better experience for our customers!

As a result of these improvements, we have updated the bill design and given you a new account number.

ACTION REQUIRED! If you make automatic payments through your bank or financial institution, you will need to update your account number for proper payment processing.

Highlights of your new bill

New Account Number – You have a NEW 10-digit account number, which is listed on the top right-hand corner of your new bill.

Updated Design – Your bill includes the same information that is most important to you—in an easier-to-read format!

Streamlined Back of Bill – The information on the back of the bill is condensed, making it easier to find our contact information and review your payment options.

My Account Bill History – If you are registered for My Account, you will continue to have online access to your bills and payment history from the previous 24 months.
