Interested in **going solar?**

Clean. Local.
Sustainable.

Join the
Shared Solar
community.

Shared Solar makes it easy to power your business with local, renewable energy. Pay a one-time, up-front fee to participate and enjoy a capped electricity service rate per kilowatt-hour (kWh) for up to half your estimated annual electricity use.

Want to know more? Our Shared Solar Business Impact Report helps summarize the environmental and financial benefits of your Shared Solar participation.
