

Clean. Local.
Sustainable.

Interested in going solar?

Clean. Local.
Sustainable.

**Join the
Shared Solar
community.**

We're adding more renewable energy in our community with a major solar project at Middleton's Morey Field. This project expands our Shared Solar program.

If you are a residential customer or small to midsize business customer, join now to support locally generated solar energy. If you're already enrolled in Shared Solar, you will see savings under our expanded program.

Shared Solar is convenient and affordable.

Visit mge.com/SharedSolar to learn more and to enroll.
