

Smart thermostats make it easy to control your comfort and save energy!

Smart thermostats can auto-adjust your furnace or air conditioner based on outdoor temperatures and your preferences. And you can control them remotely with your smartphone or computer! Visit [mge.com/smarthermostats](http://mge.com/smarthermostats) to learn more.

### Smart Thermostat Incentive

Buying a smart thermostat just got even smarter! If you've been thinking about upgrading to a smart thermostat, Focus on Energy now offers instant savings.

Learn more by visiting [focusonenergy.com/smart](http://focusonenergy.com/smart).
